The Allsteel all-purpose Storage Cabinet brings order out of  
chaos wherever used

There is no business so small that an Allsteel Storage Cabinet will not help to bring order out of chaos, reduce lost motion and the wastage and loss of expensive materials. There is no business so large that an Allsteel Storage Cabinet cannot add to the efficiency of the organization by centralizing the storage and control of the hundreds of miscellaneous articles in daily use.

# INTRODUCTORY OF CHAMPAIGN AND URBANA

Champaign-Urbana is one community with a combined population of over 37,000 people, not including non-resident students at the University of Illinois who number over 10,000, located in the heart of the corn belt of Illinois. While this community is composed of two separate political entities it is distinctly one group of people with like environment and like problems in government.

Champaign occupies the west area of the community and is separated from Urbana, its sister city, only by the University of Illinois.

The population of Champaign alone is 22,183 according to the school census in 1925.

The figures from 1913 on down to the present date are as follows:

1913	-----	14,684
1914	-----	15,689
1915	-----	16,487
1916	-----	17,326
1917	-----	17,427
1918	-----	16,698
1919	-----	18,621
1921	-----	18,989
1922	-----	19,675
1923	-----	20,112
1924	-----	21,023
1925	-----	22,183

These figures show a rapid but steady growth, which means local prosperity with very few periods of depression in business. Real estate values have had a steady increase and without much fluctuation either up or down.

Champaign county is third richest agricultural county in the United States. The farm products in 1920, according to the United States bureau of census were valued at \$23,000,000. The soil is rich black loam and is very fertile. The chief crop is corn but other crops do well and are raised almost wholly on farms where the acreage is small. The land is level and free of stumps and other obstacles. Consequently all modern implements can be used in cultivation.

Champaign with the commission form of government has four commissioners and a mayor. Four of the five men give their entire time to the running of the city's business. The tax rate is \$9.15 which is about 30 cents lower than the average Illinois city according to a survey made by some interested parties at the University of Illinois. The community is served by one of the most up-to-date sanitary sewage disposal plants in the world.

Land transportation is entirely adequate. We are served by four railroads, three paved state highways and many county paved roads. Champaign is said to be the natural down-state traffic center of Illinois.

The educational facilities in Champaign are very highly developed. The High School had an enrollment in 1924 of 1,014, grade schools 2,570, Parochial schools 357, the University High School, which is operated by the university as a model high school with an enrollment this year of 184, and the University of Illinois with 12,092.

The University occupies 2,361 acres in and around Champaign-Urbana with an additional 21.5 acres at Chicago. The total number of buildings is 79. All buildings were built by the State of Illinois except the Smith Memorial Music Building and the Stadium. The Stadium has cost about \$1,700,000 to date and seats 67,300 people. It was built by contributions from alumni, students and friends. There were 21,111 subscriptions to the fund; 9,258 alumni and citizens and 11,853 students.

You will be interested in the following pertinent facts about Champaign:

Area—2740 acres.

Banks—Seven: two national and five state. Total deposits, \$8,793,000; capital, surplus, and undivided profits, \$1,000,000.

Building and Loan Associations—Four.

Business Colleges—Two.

Chamber of Commerce—Six hundred fourteen members.

Champaign County Country Club—Two hundred fifty members.

Churches and Missions—Twenty-seven.

City Assessor's Valuation — \$16,580,000 (taxed on one-half of this amount, \$7,690,000).

Fire Department—Firemen, ten; fire hydrants, two hundred forty-six.

Fraternal Organizations—Twenty-one.

Hospitals — Three: Burnham, seventy beds; Mercy, thirty-five beds; University (Isolation), forty-five beds; and McKinley Hospital at the University, 90 beds.

Hotels—Eight.

Kiwanis Club—Over 100 members.

Rotary Club—One hundred members.

American Business Club—Fifty members.

Labor Organizations—Twenty-two.

Newspapers (Daily)—Two: combined circulation, 16,500.

Parks—Six (under Park Commission control); fourteen other small parks.

Paved Streets—Forty-five miles.

Policemen—Twelve.

Postoffice—Three sub-stations six rural routes; sixty employees, annual pay roll, \$80,000; receipts, 1914, \$300,000 (approximately).

Public Library—(Burnham Athenaeum); erected 1895; cost \$40,000; number of volumes, 32,250.

Telegraph Companies—Two.

University of Illinois Stadium — Cost nearly \$1,700,000; 67,300 seats.

New Illinois Central Station and track elevation and subway which cost over a million dollars.

## THE URBANA-CHAMPAIGN SANITARY DISTRICT

The Urbana-Champaign Sanitary District organized May, 1921. Law of 1917. Board of Trustees, P. W. Wright, President; Dr. J. C. Dadds, Vice-President; Clarence N. Riley, Clerk. Officers of the Board, W. G. Spurgin, Attorney, T. C. Sullivan, Treasurer; Pearce, Greeley & Hansen, Consulting Engineers; G. H. Radebaugh, Manager.

Treatment of sewage, Imhoff Tanks and

Sprinkling Filters, capacity, 6,750,000 gallons per 24 hours. Plant is located north and east of Urbana, 697 feet above sea level. Effluent of plant flows into Salt Fork which has a natural stream flow of 3,000,000 per 24 hours. Three and one-half miles of Intercepting Sewers, 30 inch the largest size with an intercepting capacity for 70,000. District area, 5,456 acres or 8.53

square miles. Approximate population of 40,000 and an assessed valuation of \$12,500,000.00.

Purpose of the Sanitary District, to relieve overloaded sanitary sewers and prevent human filth from polluting resident basements, the Boneyard Branch, Saline Drainage Ditch and Salt Fork Creek. Office

of the District is the Pumping Station at the Treatment Plant. Public inspection always welcomed.

This Sanitary District is example of successful cooperation between the two municipalities. The two cities are in fact one community and should be so considered by all residents.

## URBANA

When Champaign county was created in 1833, Urbana was founded as its county seat. The county offices were established, the Court House erected and the business of the county has been conducted in Urbana from that time until this. During the days prior to the Civil War, Lincoln was a frequent visitor in Urbana and was in attendance at court in Urbana in 1856 when the news was sent to him that his name had been presented to the Republican convention of that year as candidate for president. In Urbana he made his second speech in opposition to Senator Douglas and Nebraska Bill. The early associations with Lincoln in Urbana have been memorialized by the construction of the new Urbana-Lincoln hotel and soon will be further memorialized by the unveiling of a full sized statue of the Martyred President now being designed by Lorado Taft.

When the legislature of the state of Illinois decided to take advantage of the provisions of "The Morrill Act" providing land grants for state institutions of higher learning by creating such a university for Illinois, the enterprising citizens of Urbana succeeded in having it permanently located in Urbana. The location of the University in Urbana, established its character as an educational center. This character has continued and extended, until now Urbana is one of the largest and most famous centers of learning in the country.

The educational facilities in Urbana commence with the common schools, of which there are seven, includes two modern high schools and concludes with the University of Illinois, offering instruction in almost every branch of learning. The University campus and adjacent experiment fields consists of 1235 acres, with 70 buildings of the most modern character, while the enrollment for the year 1925-1926 is 10,000 students with over 1000 professors and instructors.

Next to its character as an educational center, Urbana has won fame as a residential city. Perhaps there is no city anywhere having a larger per cent of college trained citizens nor with a less per cent of illiterates. The per cent of illiteracy in Urbana is considerably less than one per cent, while 36 per cent of its residents of school age are enrolled in the high schools. Furthermore, fully 85 per cent of the residents of Urbana are home owners. The tenement is practically unknown.

Urbana has fifty miles of paved streets, as shown by the records in the office of the city engineer, out of some sixty-seven miles of streets. All the streets are well lighted by a system of ornamental boulevard lighting standards. Sanitation is unsurpassed, while the water supply comes from numbers of deep wells.

Urbana is also a city of parks. While the University campus may be considered one large park, Urbana has a park system which, though young in years, is of unusual attractiveness. The principal park of the system is Crystal Lake park, situated a few blocks north of the main business section, comprising some one hundred acres of shrubs, oaks, grass and water made easily accessible by beautiful drives and walks. The clear water of the lake affords splendid boating in the summer and skating in the winter, while its pavilion, shelter house, modern play ground for children and tourist camp attract visitors for many miles about. The other parks,

while not so large, are very attractive and afford recreation centers for the neighborhoods in which they are located.

In Urbana nineteen churches guide the spiritual welfare of its citizens; the Boy Scouts and Campfire Girls provide recreation and training for the children, while the Association of Commerce, the Rotary Club and the various fraternal societies afford means for the practice of good-fellowship characteristic of Urbana's citizens.

Although Urbana is paramount in its civic interests it is also represented by sound commercial and industrial concerns. No city has more solid financial institutions than the banks of Urbana, their aggregate deposits reaching several millions of dollars. Its building and loan associations are among the strongest in the county and have been experiencing the steady, healthy growth for many years. Their combined assets reach into the millions. Practically every branch of retail trade is represented among Urbana's stores, which provide for the wants of the community in a most satisfactory manner. Among the manufacturing enterprises in Urbana, are manufacturers of knock-down bleachers, discuses, javelins and other athletical supplies, electrical supplies, chemical supplies, paints, castings, dehorners, cigars, harness, ice cream, burial vaults, mausoleums, high powered microscopic lenses, scientific instruments and many others.

In Urbana are located the shops of the Peoria and Eastern railway, a division of the New York Central Lines, which employ the largest number of men in any single industry in the city.

Urbana possesses very adequate transportation facilities, including Peoria and Eastern Railway, giving service to the east and west; the branch line of the Wabash running to Sidney connects with the main line between St. Louis and the east, while the Illinois Central affords frequent services to Chicago and the south. "A train your way every hour of the day" is provided by the Illinois Traction System, with accommodations east and west, while to the north, local traffic is cared for by the Kankakee and Urbana Traction company. Connections are made at Glover by trolley with the Chicago and Eastern Illinois railroad company for Chicago and St. Louis. Urbana is situated 128 miles south of Chicago, 118 miles west of Indianapolis, and 98 miles east of Peoria. All parts of the city are reached by frequent trolley and bus service, while the city marks the intersection of state highways numbers ten and twenty-five, and is connected with the state by pavements extending east south-east, south, southwest, northwest and north from Urbana.

To visit Urbana is to be convinced that it is an ideal place in which to live and bring up a family. With its miles of paved streets, and their over-hanging shade trees, its beautiful lawns, its tasteful and home-like residences, Urbana comes very near to being the ideal city.

Among the other points of interest in this "city of opportunity" are, Samuel T. Bussey's library, the Outlook Tuberculosis Sanitarium, Cunningham Home for children, Mercy Hospital, The Margaret Child Sanitarium, the most up-to-date sanitary disposal plant in the country, a 100 acre, eighteen hole golf course and country club, the Wesley Foundation and the state and government experiment station.

# Buyers' Guide *and* Catalog Section

---

CHAMPAIGN AND URBANA CITY  
DIRECTORY - 1927

---

The following Advertisements have been grouped by lines of business. Note the headings. They are also indexed by many classified displays in another part of the book, thus becoming "small catalogs" within the large catalog of Champaign and Urbana.

A careful use of the information contained in this Directory will be of material assistance in helping you find where to buy right.

Directory ads are censored. Objectionable or undesirable advertisements are refused. You may be assured you are dealing with an established concern when you find their advertisement in this publication.

*Use this City Catalog as your Buying  
Guide. Also note carefully the  
Classified Business Directory*

# *To the Merchants of Champaign and Urbana--*

**W**E thank you for your liberal patronage of this directory. Your cooperation has made it possible to print it.

We want you to know that we desire to work with you in making these towns better towns to live in and to do business in, as the years pass, and we hope to be printing this directory when it contains 50,000 or more names.

We would like you to know that during 1926 we paid out to our employees an amount which was equal to \$1.50 for every man, woman and child in both cities. This money was mostly spent with you. None of our employees have the mail order habit, and they all realize that they can prosper only if the community as a whole prospers.

## *Flanigan-Pearson Company*

*Printers--Binders*

*10-12 Chester Street*

*Champaign, Illinois*

## NOTICE TO THE PUBLIC

IT is with pleasure that we place before the public the 1927 directory of Champaign and Urbana, compiled for us and set in type, printed and bound complete in our own shop here in Champaign. We trust that it will meet your approval.

Not only is the Directory a very necessary and indispensable work for local usage, but it is a valuable means of extending throughout the country information concerning Champaign and Urbana, their advantages, resources and prospects, and it is a matter of more than ordinary importance to every individual that he be properly represented in this standard work of reference.

To gather the data and compile a volume of this character is no easy task. It requires much time, a well defined system, and incurs no little expense. Few people have any idea of the work it means and the tenacity it takes to publish a reliable directory.

In preparing this book the Publishers have spared neither time nor expense, and if errors occur or a single name is omitted which should appear in the work, it is generally the fault of the public and not the publishers, as every house is visited and it is not the publisher's or canvasser's fault if some one fails to give all the information or gives it incorrectly. The intention of the publishers is always for improvement, and you can always count on getting as accurate a Directory as circumstances will permit.

We wish to thank our patrons who have made this book possible, and the people of both cities for their courtesy in giving information.
